Dear Mr. McCain,

On behalf of Lockheed Martin, we would like to congratulate you and the entire Electromet team on your selection as a Lockheed Martin Small Business Award winner. Electromet's history of superior performance on a variety of Undersea Systems programs exemplifies our credo of "Partnering to Create Tomorrow's Mission Capability, Today." A significant event this past year was your support on the TIH re-compete proposal, where your team's efforts were instrumental in helping us develop a competitive solution on a program that is very important to both of our businesses.

Please celebrate this prestigious award with your company. We greatly appreciate your hard work and dedication in bringing your innovative solutions together with our vital defense programs, and making them successful.

Sincerely,
